APPLICATION AS AMENDED - PART II

The higher the value, the greater the chance of a successful outcome. The following table provides a guide to the appropriate time scale:

Estimated time	Probability of success
1-3 months	50%
3-6 months	60%
6-12 months	70%
12-18 months	80%
18-24 months	90%
24-36 months	95%
36-48 months	98%
48-60 months	99%
60-72 months	100%

It is important to note that these figures are estimates and should not be taken as absolute guarantees. The success rate will depend on many factors, including the complexity of the invention, the quality of the patent application, and the specific requirements of the patent office.

For further information or assistance, please contact your local patent attorney or the US Patent and Trademark Office at 1-800-PTO-9199.
